

DR MARK LOUIE-JOHSUN

BSc(Med) MBBS(Hons) FRACS(Urology)
Urological Surgeon

Dr Mark Louie-Johnsun is a new Urologist on the Central Coast. In addition to providing a general urology service, he is also fellowship trained in advanced laparoscopic urological surgery.

Dr Mark Louie-Johnsun graduated from the University of New South Wales in 1998 and spent 4 years as a general surgical registrar acquiring open and laparoscopic skills in major Sydney tertiary (St George, Liverpool, and POW Hospitals), metropolitan (Canterbury and Sutherland Hospitals), and regional NSW centres (Tamworth Base and Wollongong Hospitals). He has also worked as a surgical registrar in New Zealand and the UK.

He is familiar with the Central Coast after being the urology registrar at Gosford hospital for 12 months in 2006. In the following year, he trained at Concord Repatriation General Hospital where he developed skills in managing women with urinary incontinence and performing urodynamics studies. In the same year he gained accreditation to perform laser lithotripsy for renal / ureteric stones.

Mark will be consulting from both Gosford and Wyong, and is looking forward to offering his services once again to the Central Coast.
