

DR PETER LIPSKI

MBBS, MD(Syd) FRACP, FANZSGM

Consultant Geriatrician, Director of Geriatric Medicine,
Conjoint Associate Professor Newcastle University

Brisbane Waters Private Hospital is pleased to introduce Dr Peter Lipski, Consultant Geriatrician, the Director of Geriatric Medicine at Brisbane Waters Private Hospital.

Dr Lipski has been looking after elderly residents of the Central Coast since 1992. His exemplary career has focused on holistic care of the elderly and nutrition since he was awarded a doctorate MD degree from Sydney University in 1992.

Dr Lipski is in full-time private practice at Brisbane Waters Private Hospital where he has developed comprehensive medical care of the elderly including development of the Electronic Medical Record for instant access to GPs, hospitals and community health care workers. He has also been tireless in his pursuit for better medical care for the elderly on the Central Coast through his development of holistic multi-disciplinary acute care, inpatient consultation, orthogeriatrics, elderly rehabilitation, outpatient and home visits consultation services. He visits some of the aged care hostels and nursing homes on the Central Coast to care for patients and support their GPs.

There is no GAP charge above scheduled fee for inpatient services for privately insured patients and DVA Gold Card holders.

Dr Lipski can provide TeleHealth Video Geriatric Medicine Consultations.
